

Greetings jammers,

Thank you for coming to Prague again to join the 12th edition of Frisbeer Cup! This year we have full hands of work with preparing the [FPAW](#) but Frisbeer will still maintain its standard and bring you something new as a bonus. First of all we are curious how you will like this year's players package. You can look forward for some cool items which are not standard at other events. But everybody will find a use for them, that's for sure! Even more significant news is that we will use [Ryan's new judging system](#) for all the disciplines. You don't have to worry about learning to judge with this system, we will have fixed judges for that. That means lower stress and more jam-time for you. Actually more jam time will be necessary so you can catch a jam with each of the 70+ players who will be there with you :)

In this digital booklet you can find all the important information like schedule, directions, contacts and other useful stuff. And you can have it with you all the time in your smartphone, even without internet connection. Just can also pick up the printed version of this booklet during the registration, if you need one. Please, read the booklet first before you start asking Frisbeer staff ;)

Enjoy your time in Prague and see you on the jamfloor!

THURSDAY

JAM & DINNER

For Thursday we have an outdoor jam planned at National theatre - many of you have already been there. There is not really a scheduled start of the jam so it is up to you. Good news is that it should be much warmer compared to the last weeks. At 20:00 we have a reservation in the nearby restaurant U Medvídku, same place we went last year. Toby said try to go upstairs to the small brewery - you should drink the X33 ;) If you are arriving late for the jam but still want to meet the jammers, head directly there. Whenever you are full with pork knees and can't drink any more beers, take tram 9 for the direct connection to the apartments and don't forget the check-in is till 23:00.
